EU Code We~~~~sroots initiative which aims to
bring codi~~~~al literacy to everybody in a fun
and engaging way...

#CodeWeek
8-23 October 2022

Learning to code helps us make sense of the
rapidly changing world around us. Join
millions of fellow organisers and participants
to inspire the development of coding and
computational thinking skills in order to
explore new ideas and innovate for the
future.

Get involved!   Are you a teacher? Find out how to get involved!

Last step

You have to fill in the following blanks

Required fields are marked with an * asterisk. Feel free to add the activity listing in your local language.

*ACTIVITY TYPE — Open in-person activity ▼

CODE WEEK 4 ALL CODE

If you have received a Code Week 4 all code from a school colleague or a friend paste it here, otherwise please leave it blank. More info about Code Week 4 All are available here

IMAGE — **CHOOSE A FILE**   Max size: 1 Mb

Your contact email will only be visible to EU Code Week Ambassadors and Code week organisers, who will check your activity before it appears on the map and might contact you if edits are necessary or for administering surveys for statistical purposes after the activity.

*CONTACT EMAIL — This email will be used for important EU Code Week correspondence

✚ Then code week organisers will check your activity and they will sent you a mail

<p style="text-align:center">Code 4 all</p>

Participating in the Code Week 4 All challenge will allow you to expand your network in your community and across borders.

If you want to link your activities with others organised by friends, colleagues and acquaintances, and together gain the Code Week Certificate of Excellence.

<p style="text-align:center">Europe Code Week</p>

What is it?
How to participate?

1. Visit the Add Activity page and fill in the necessary details of your coding activity.

If you are the first one in your alliance:

2. Click on Submit.
3. Once your activity has been accepted, you will receive a confirmation email with your unique Code Week 4 All code.
4. Copy the code and share it with your colleagues and others in your network who are also organising a coding activity. Spread the word to encourage others to participate!
5. After the end of the campaign, all activity organisers will be asked to report back on how many participants they have involved. If you were successful in achieving the threshold, you and your colleagues who were part of your network will receive the Certificate of Excellence!

If you are joining an existing alliance:

2. Paste the passcode you received from the initiator, the first to build the alliance, into the CODE WEEK 4 ALL CODE field cell.
3. Click on Submit.
4. Spread the word (and the code!) to get more organisers to join your alliance.
5. After the end of the campaign, all activity organisers will be asked to report on how many participants they have involved. If you were successful in achieving the threshold, you and your colleagues who were part of your network will receive the Certificate of Excellence!

Why join the challenge?

- To spread the message on the importance of coding.
- To see a large number of students get involved.
- To build connections with organisations and/or schools in your community or internationally.
- To find support from other organisers and teachers.
- To gain a **Certificate of Excellence**.

Super Organiser Certificate

- You can also earn a Super Organiser Certificate. To do so you need to organise and [register](#) at least 10 separate activities at your school, organisation, or online.
