ITALIAN CHRISTMAS TRADITIONS

1A-1B CLASSES

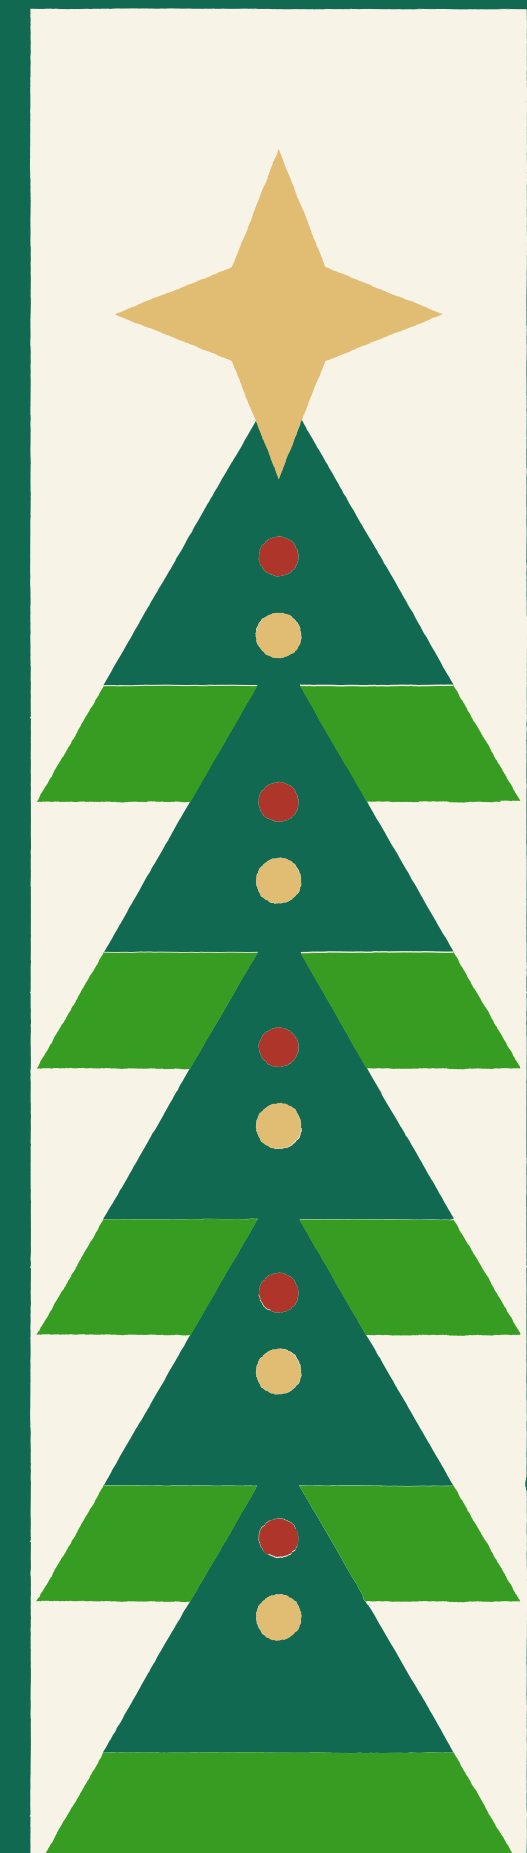

One of the most important Christmas traditions is the "Nativity Scene"

Known as presepe or presepio in Italian, they are a central part of the celebration of Christmas in Italy.

A Nativity scene is a representation of the Holy Family in the stables in Bethlehem. It thus keeps firmly the focus of Christmas on the main event – the Birth of Christ.

**we make Nativity scenes at home, in schools, churches,
in towns, everywhere people gather together, even in
gyms or cafes . There are also competitions and Living
nativity scene are played from students at school or in
towns main squares**

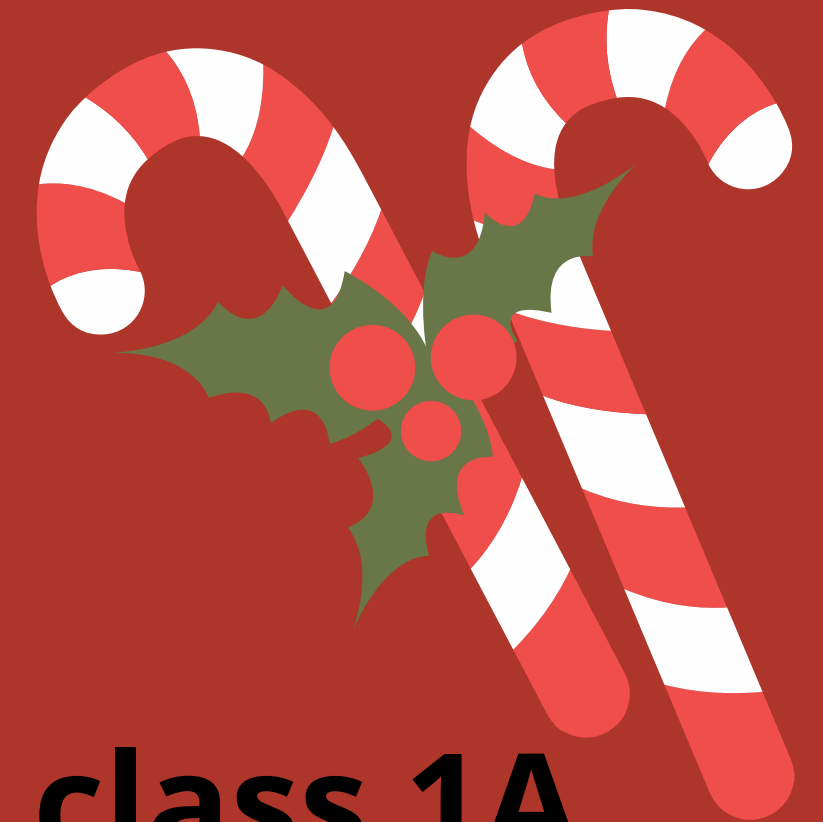

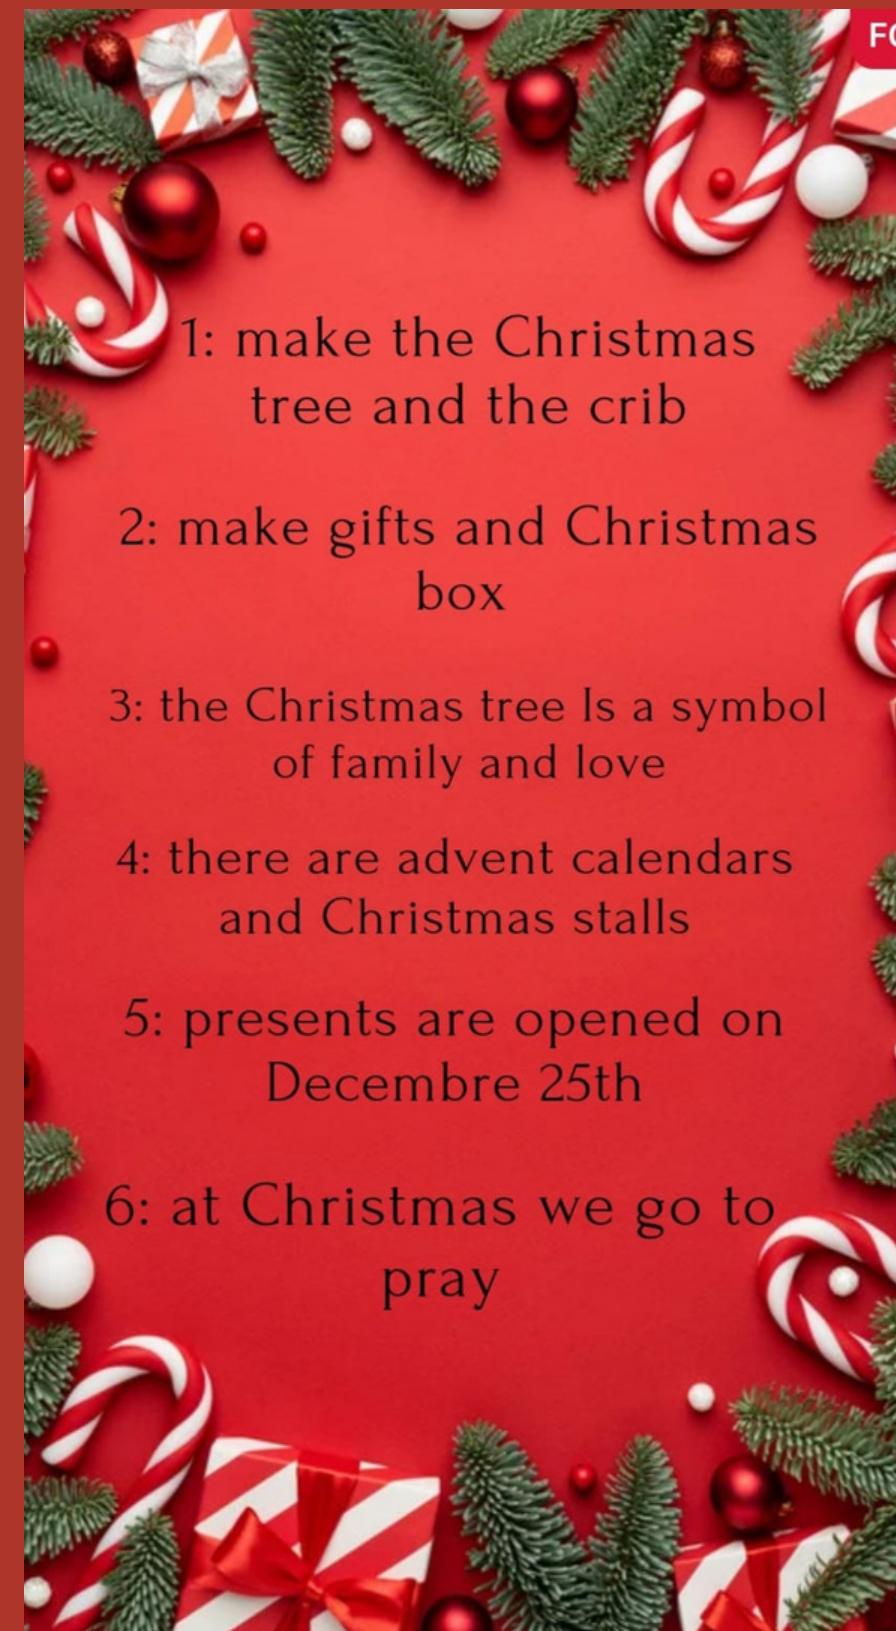

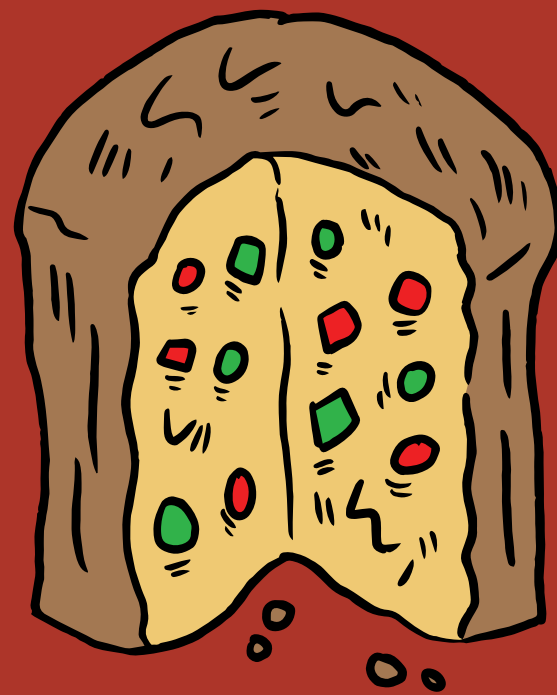

Christmas is the holyday
in wich Christians
celebrate the birth of
Jesus Christ,wich for
the Western Christian
Church falls on
December 25 th.In
addition to the nativity
scene,there is another
symbol that full
repents Christmas in
our country the tree.

generally decorate on
December 8,the day of
the Immaculate
Conception.It's a time
when the whole family
is together and everyone
