A GUITAR

teacher Monika Mesarić

Material:

- a big plastic bottle
- a scalpel
- a piece of string or wire
- a glue gun
- a paper roll
- some paint

Cut a hole in the plastic bottle using a scalpel. Be very careful!
Make little holes under the big one using the tip of the scalpel.
Put the strings through the little holes and tie them at the top of the bottle. Paste them using a glue gun (if needed).
Colour the paper roll.
Using a glue gun, connect the roll to the top of the plastic bottle.

A BASS

teacher Dijana Kirić

Material:

- an old plastic bucket
- a scalpel
- a piece of string
- a long stick
- pliers
- a drill

Make a hole on the bottom of the bucket.

Then make a hole in the stick with a drill and connect it sideways to the bucket. Make another hole on the top of the stick.

Put the string through the hole on the bottom of the bucket and make a knot so it doesn't come through.

Run the string to the top of the stick and run it a few times through the hole and tie it around.
