A) ANALYSIS OF THE MODIFIED WORK

Write about two paragraphs explaining the new work:

- Why did you choose these changes?

The paint was scary, so I replace the dead body by some foods.

- How were you inspired?

I was eating while doing this work, so I had the idea to replace the body by some foods.

- What is the story behind this new painting?

It makes us wonder what we consume and what we eat. Fastfoods are, in a way, as cruel as eating a human being and killing some people.
